

Colorado

Randy Wills Pueblo County Sheriff

I am ethical, compassionate and dedicated. I am fair, open and honest as well as have the ability to make the tough and impartial decisions when needed. I was taught family values and strong moral ethics while growing up on a small ranch where we all had to pull our own weight. I was taught to respect mankind, my elders, to defend those less fortunate, to stand up for what is right and to always accept responsibility for my actions.

I believe that 15-years as a police officer, over 3,000 hours of law enforcement and management training, my private business and life's experiences have prepared me for the position of Sheriff. A Sheriff should represent all of the people all of the time, to be honest, loyal, accessible, fair, impartial & tough on crime. I am & promise to be that person.

Michael Bennet U.S. Senate

"As the father of three little girls, what drives Michael is the need to create a better life and a better future for all Colorado families. As the son

of an immigrant mother, Michael takes very seriously his obligation to create more opportunity for our kids and grandkids.

"In Washington, Michael has fought to create jobs and provide our kids with a good education.

He has also fought for immigration reform and is a strong supporter of the DREAM ACT, which gives every child the opportunity to work hard, go to college and contribute to our economy.

"With less than two years in the Senate, Michael has shown the character and leadership needed to bring together diverse groups to work together to ensure a better future for Latinos and all Coloradoans. And that is what he will continue to do in the months and years ahead.
